There it was found that he was suffering from an advanced case of pneumonia, from which he died at 9 o'clock on Saturday night. The Elks immediately took steps to locate relatives of the dead man and found that he had a wife and daughter living in Globe. The body was shipped to them. MARATHON COURSE IS THREE MILES LONG

Physical Director of Y M C A Decides on Route for Christmas Race

Physical Director Wadsworth, of the Y. M. C. A., made a trip over the Marathon course on Saturday and laid out a course exactly three miles long. The race is to be held Christmas morning.

The start will be at the green post landmark, located one-tenth of a mile from the road at the top of the divide on Tombstone canyon road. The first mile will be at the turn near the white house and the second mile will be at the tin house. The third mile will be at the general offices of the Copper Queen mine, on Main street.

The committee in charge of the Christmas Y. M. C. A. sport day is already making arrangements to borrow automobiles to take the runners to the starting point on the divide.

The application blanks for the race can be secured at the Y. M. C. A. and at Wallace's Clear stand, on Main street. All entries should be made as soon as possible so that the committee can know how many machines will be needed. The entry list will close at 9 a. m. on Dec. 25.

A novel departure will be the dogs' cloakroom, consisting of premises with attendants, which will be utilized for the purpose of taking charge of members' dogs when visiting the club. Boarding the animals at the club will be one of the features, and there will be a catering section where dogs can have their meals.

reserving Guano Deposits.

In centuries ago the Incas of Peru, in their generation, protected and conserved the guano deposits of their empire. Since then, 1,000,000 tons of guano have been removed and some of the deposits have been completely exhausted. Now Peru is imitating the wisdom of the Incas, and has adopted measures to conserve and perpetuate the supply of this invaluable fertilizing material.

ALL CHILDREN WILL HAVE MERRY XMASS

Elks Will Be Hosts at Entertainment Day Before Christmas

Children of the city will be the guests of the Elks at a Christmas entertainment to be given the day before Christmas. Preliminary arrangements were begun Sunday afternoon when the committee that has the affair in charge met at the Elks home and organized for the work that falls upon them. Yesterday afternoon that work was well in hand and it was evident that the treat for the young folk will be somewhat more extensive than in past years. Invitations will be extended to the children of all of the congregations of the city through the ministers and further invitations will be extended through the schools and other sources.

The committee which is arranging for the Christmas celebration is composed of Thomas Blair, chairman, A. M. Smock, O. G. Rhodes, G. A. Graves, M. A. Deane, Percy W. Wilson, Dougherty, and J. H. Gray, secretary. At the meeting sub-committees were appointed consisting of Messrs. Smock, Wilson and Deane, on toys, Graves, Rhodes and Dougherty, on candy and nuts, and Blair and Gray on arrangements, entertainment, theater, printing and publicity.

There need be no child in the Warren District left toless this Christmas if he or she attends the Elks entertainment. There will be candy and nuts for all and for the poorer children there will be gifts. Lists of these are now being compiled and tickets will be distributed to them by the teachers of the schools and through the charity bureau of the local Elks lodge. These tickets will entitle the child having one to receive a present but no tickets are required to admit youngsters to the entertainment. Beyond the fact that there will be a picture show, a real live Santa Claus and some other features of entertainment, probably in the line of sandville, the arrangements committee are not yet ready to make any announcement. The committee on toys will order what is needed this week and the committee on candy and nuts will also be ready well ahead of the day that has been set for the entertainment. As there will be no school that week the children can attend on Tuesday as well as they could on Wednesday and by setting the date accordingly it will not interfere with the usual Christmas machine at the house where it will be held. This house will be announced by the committee within the next few days.

Various Forms of Hiccough.
Allied to the rare forms of nervous hiccough there is also the emotional hiccough, which arises in connection with a moral shock, severe fright and sudden emotion, the hiccough due to irritation and hysterical hiccough. The latter is a particularly noisy form, with a rough, coarse sound. It is sometimes a sort of yelping or barking noise, persisting for some minutes or even hours.

BOTTLE OF BEER IS CAUSE OF ASSAULT

Billiard Cue Is Wielded on Skull of Man Who Helped Himself

While a number of people were walking past a saloon in Lowell Sunday morning at 11 o'clock, they saw a man stagger out with his face covered by blood. Close on his heels was Joe Somnecik, the manager of the saloon with a billiard cue raised above his head. Before the startled spectators could say a word, Somnecik, it is said, raised the cue and brutally felled Edward Swanson, to the ground. Before bystanders could reach the assailant, he had again struck the helpless man on the head which sent the blood gushing from a wound. But for the interference of spectators, Somnecik would have further beaten his victim.

Yesterday morning in the justice's court in Lowell, it developed that Edward Swanson who had just recently arrived from Colorado in search of work patronized the saloon managed by Somnecik where he spent all his money. In a drunken stupor, Swanson, it is alleged, reached over the counter and grabbed a bottle of beer which he proceeded to open and drink. Somnecik, it is alleged, picked up the bottle and struck Swanson over the head with it. Swanson then ran out of the door followed by the saloon keeper. When the doctors were called to treat Swanson it was at first thought that he would not live but owing to splendid vitality, he will recover. Nine stitches were taken to sew the wound up and several more will be taken today.

Somnecik's case was taken under advisement by Justice George Smith who bound him over to the superior court in the sum of \$500.

PRIEST'S ADVICE LED TO HER RECOVERY

To say that a specific exists for the cure of consumption is perhaps too strong a statement, but in Eckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently benefiting a large number of Consumptives.

Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food but frequently raw eggs in quantities cause a digestive breakdown and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well-nourished is the right one, but what's going to improve the patient? Eckman's Alternative has brought about full recovery in many cases of Consumption. Let those speak who know. Here is one:

Rochester, N. Y.
"Gentlemen: On June 3, 1907, I was operated upon for Tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a priest to take Eckman's Alternative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 pounds, and am absolutely well. Be lieving I owe it to myself and others, I make this statement."
(Signed Affidavit) EDNA FINZER
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in up building the system. Does not contain poisons, opiates or habit forming drugs. For sale by Lowell Drug Co., in Lowell, and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.
